Advanced Gardening for high school seniors

Heartland Farm is offering a workshop on Saturday May 11 8 am - 4 pm. You will start the day with an overview and then get to practice hands on gardening.

Topics covered: starting seeds, building compost, bed preparation, watering techniques, crop selection, transplanting and more.

Google “Heartland Farm Hands-on Workshops”. The cost is $10 which includes lunch.

Volunteer Screening Reminders

Please remember we need all parents and leaders working with youth to complete the Volunteer Screening process. If you have not done so please go to: https://ks.4honline.com/ and log in to your families profile and sign up as a volunteer leader. On the second page of the 4-H online enrollment you will click “direct volunteer” and then right below this is a place to click “here” and complete the 4-H service application OR to complete a renewal form. Quick and easy! Each year, leaders must re-enroll online to continue as a leader, just as members do.

Volunteer Screening Policy and Procedures

4-H Volunteer screening must be completed by any individual who works in close, ongoing interaction with youth or any adult or youth with authority to independently plan and conduct 4-H educational experiences for youth. This includes community leader, project leader (both club and countywide), activity leader, judging team coach, overnight event chaperones, chauffeur drivers for any 4-H activity and camp counselors. For new volunteers: The first step is to fill out the volunteer form, complete an interview, then attend a Volunteer training or take the online training. The next step will be to complete a background check online. The office can send you a link. An email address is needed to receive the secure link from Validity. Then the Board must approve you. Continuing volunteers must submit a renewal form every year or the volunteer will have to start the process over. Currently a background check will have to be completed every three years. All new leaders and camp counselors will have to complete the process.
Project Meetings and Leaders

The number one reason youth join 4-H is to learn a new skill. Project meetings are the very best way to learn about a new project. Are you a project leader or would you consider serving as a project leader? How do you get started? One place to start is to find out what leaders are needed. It might be possible for you to invite just a few members to join your own child for a project learning experience. There are some projects that have lower enrollment and a county-wide project group would be beneficial.
